| Business Profile ID | Short Description / Kind of Cooperation |
|------------------------|---|
| BOUK20190322002 | <p>A UK manufacturer seeks established distributors and distributor/installers of accessories and aftermarket products to hospitality, leisure and residential sectors for their anti-slip system specifically designed to significantly reduce the risk of slips of falls in showers, baths and potentially-wet floor areas.</p> <p>For more information, please click here</p> |
| BRGR20200729001 | <p>Greek Recruitment Agency has established an extensive network of the highly experienced personnel in the health, safety, quality & environmental sectors and seeks other recruitment agencies that can help the Greek company expand its human resources network under a subcontracting and/or outsourcing agreement.</p> <p>For more information, please click here</p> |
| BOBE20200811001 | <p>The Belgian company is active in the field of orthodontic products. It manufactures and exports a high quality of orthodontics products. The company is offering a repairing service of defect products. Also, the company is offering manufacturing agreements to dental centres and it is looking for commercial agents and distributors of dental products.</p> <p>For more information, please click here</p> |
| BOGR20190524001 | <p>The company is a rehabilitation and recovery centre, one of the most state-of-the-art clinics in Europe, located in the city of Kavala, in Northern Greece. It provides healthcare – hospitalization – rehabilitation – recovery services for both inpatients and outpatients. The company is interested to sign long term outsourcing agreements with companies from Balkan countries, Cyprus and Russia.</p> <p>For more information, please click here</p> |
| BOAT20200701001 | <p>An Austrian company is one of the world's largest thermal flat-plate-collector manufacturers and has developed a new solar heater. The plug and play system is lightweight for easy handling, less expensive and provides sustainably treated hot water. The complete system is an all-in-one-compact solar and intelligent fresh water system. With the unique design it offers different mounting possibilities. The company is looking for distributors and agents for the new product to capture new markets.</p> <p>For more information, please click here</p> |

BOIL20190728001

An Israeli SME provides innovative and proven non-chemical water treatment solutions in cooling processes, for industrial & commercial applications. The technology enables repeated use of water by partial-electrolysis process only, not using chemical additives, thus substantially saving resources, funds and contributing to environmental quality. Commercial agents, distribution and license agreements are sought with well-established companies capable to represent the company.

BRDE20200714001

A German SME active in the field of elderly care is looking for a long-term partner, which can supply disinfectants for the use on the skin, mainly hand. It is important to receive a bactericide (incl. mycobacteria), fungicide and especially regarding to COVID-19, virucide disinfectant in a disposable bottle that cannot be reused. The disinfectant should not contain any perfume, no dyes and, most importantly, no formaldehyde. The aim is to conclude a supplier agreement.
